2019-01-29

Welcome

1st Meetup of 2019

Thank you

Typeform

We have got some exciting news

When we started Barcelona Cybersecurity we wanted to create first and foremost a community of people interested about information and system security, privacy and digital rights…

We have got some exciting news

We started a meetup, but that was just the first step…

We wanted to create a space to foster research education and outreach activities about these topics.

We have got some exciting news

We are now officially a non-profit!

(asociación sin ánimo de lucro)

And we have been working on something big for this Spring…

Please send us feedback

You can provide feedback about an event by sharing a star rating and choosing from a list of short responses.

Your star ratings and responses are anonymously shared with us.

Your opinion helps us organising meetups that you like and on topics that you are interested in!

Have fun!
